Mr. Xavier Maza
JUNTA DE SERVICIOS GENERALES DE A.A., A.C.
Independencia 101-23

Mexico

Dear Mr. Maza,

I have received copies of the material you sent to some of the delegates of our General Service Conference. Upon receiving them I called your office on or about the 11th of this month (August). I believe it was you with whom I spoke.

You mentioned that you had been to our G.S.O. and had talked with George Dorsey, who requested more information—which you were gathering and preparing to send. I also requested a copy of the letter by Thomas Jasper and you were kind enough to agree to send this to me, along with copies of the material you were sending to George Dorsey.

Since that time I have found someone who can translate some of the material you have already sent in the packet to the delegates. There is one set of documents which we are finding hard to read. Therefore, I would like to request a translated copy of what appears to be minutes of a meeting. The notation at the top left of the page is:

A.P. 2840/DO/93
Mesa: 6-FPII

The copies I have received are very hard to read and the person translating is not able to complete the work. Your assistance would be very much appreciated.

I would also like to inform you regarding what has taken place since your material has arrived. However, before I do so it would be helpful for me to point out that we are currently having many of the same kinds of problems which may have been your experience prior to the formation of your service organization, Seccion Mexico.

Since we have received your material, a move to censure (determine wrong-doing) of our General Service Board has been attempted. While a substantial number of our delegates would not support this – by signature – there is a growing unrest about how our business is being conducted. Many of us, who have been working to bring about a change of course in our General Service Board's actions, feel a deep brotherhood to you in your struggle.

I have enclosed a copy of the letters and written material which grew out of your mailing to us. A review of it will give you a sense of what is being attempted by a small group of concerned folks.

Of course, as can be expected, we are under much pressure to stop. The delegate who first sent me the material – Bob McElroy – has received many phone calls in an attempt to scare or negotiate him away from this course. We are, however, gathered around him for support and he remains strong – as do we all.

I will close for now. My dear friend, let us remain in contact – for we can learn from one another's experience.

Yours in Love and Service
