Dear Alberto,

It was very good to talk to you on Tuesday of this week. One of the great delights I find in sobriety is receiving telephone calls and letters from AA members far away. It helps to remind me of how wide our Fellowship has spread, and also the tremendous responsibility we bear to keep it alive and growing for those who will come in the future.

I was most surprised, and quite honored, at your request that I come and be with you and your member at your service meeting on November 26<sup>th</sup> and 27<sup>th</sup> of this year. I have sent you a fax, on September 28<sup>th</sup>, noting my travel arrangements and cost. As I mentioned, my wife who is also a member of AA, will be joining me. We will be 100% responsible for any costs associated with her trip and stay.

It would be most helpful to me if you would be kind enough to explain what it is that I might be able to do for you at this meeting. I am still not clear on what is expected of me. In the event you have not finished with the development of your event program, I will be happy to practice patience. It is always a good lesson for me.

Enclosed you will find material regarding the movement to Censure our General Service Board which found your timely communication as the push needed to make a start on something long overdue.. I hope the material is easily readable for you. Some of the history of our struggle is contained in these documents.

Also included are letters written by one of our Regional Trustees, Mr. Jake Ham. Jake is a dear friend and champion of our principles. He fights a hard battle with the Board on which he sits. He is, however a dedicated man and will not move from his faith in, and practice of, our principles. As you can see, he has followed your situation carefully and has attempted to work toward a spiritual solution. Perhaps we understand your struggle so well because we also know how precious this gift is, and how easily it can be stolen away, or slip through out fingers. We are truly with you in spirit.

Until we meet, my friend.

Yours in love & Service

Dennis Bauer
