Re: 100-506/Intergroup--- Your letter of November 19, 1992

Dear Cynthia Clarke Weber:

Thank you for your reply to our letter of November 6, 1992. The next printing of the BIG BOOK done by this organization will have a red cover, have no references to AAWS name and trademarks, and the publisher will be IWS, Inc. The book will have the name "The BIG BOOK" on its cover in gold leaf in a typestyle different from the third edition of "Alcoholics Anonymous" published by AAWS.

To further dispel any possible confusion, the text conforms to the first edition of "Alcoholics Anonymous", differing from the third edition text in many ways.

We trust this dispels any possible confusion. We hope our willingness and speedy cooperation with your requests can overcome your assumption that we set out to compete unfairly, in any way

Very truly your,

Intergroup World Services, Inc
