Dear Mr. Dorsey,

We have received your letter of March 28. Our group will be considering your requests.

Before addressing the other matters, we want to make it clear that we do not understand your copyright position with regard to the 12x12. We have not published it yet, only to avoid controversy and ensure unity.

It will be helpful to our discussion if you can furnish us with what you are referring to as "(our) prior consent" in reference to the use of ALCOHOLICS ANONYMOUS on the cover of our book. We do not believe we have ever agreed not to use the proper title of the book.

We placed a disclaimer concerning the gray areas in response to your written concerns regarding creating confusion. It will not appear in future editions, sorry if we misunderstood you.

Finally, any sale of the MINI EDITION in Canada has been inadvertent. IWS has been growing very rapidly and given our purposeful lack of organization we don't know where all the books end up. We can assure you though, that we intend for all sales to originate in the U.S.

Yours in love and service,

Leona T., Sec
