RE: PROTECTION OF A.A.'S INTELLECTUAL PROPERTIES

RECOMMENDATION

The South Carolina Area Assembly of Alcoholics Anonymous requests that Alcoholics Anonymous World Services, Inc. inform the entire A.A. Fellowship, in the United States and Canada, through all available channels, of the I.W.S. situation and their activities, and of the harm that could be caused to A.A. by continuing to purchase those products. We believe that continued protection of our intellectual properties is the only way to protect the integrity of our message, and indeed our name.

Respectfully Yours,

South Carolina Area
of Alcoholics Anonymous
